## Bring a World Expert on Kashrut to Your Synagogue or Community

The world of kosher food is ever-changing . . . new foods and new processes appear every day, and very few people have a real understanding of what it takes to certify that a product is kosher.

Now you can bring a world expert on kashrut — one of the Rabbanim and Mashgichim of the Orthodox Union—to your school to share his expertise with your students.

Popular topics include:

Ingredient Panels: Unraveling the Mysteries; A Day in the Life of an OU Mashgiach; A Bonus for Mezonot: Certifying Cakes and Cookies; Kosher Ice Cream: Cold Facts about a Hot Topic; The Kashrut of Fish: Of Fins and Scales and Tuna Tales . . . or we will be happy to address any other topics of interest to you!
